## Loft Ladder Estimate Form

### How to order or get an estimate on your ladder

Complete all the information on this form and email or fax back all 3 pages.

We will contact you with an estimate or to arrange delivery of your Loft Ladder and Track.

## 1. Make Ladder Choices

Check all boxes that apply.

### Specify Ladder

**Rolling Ladder (S-100)**

Ladder includes upper roller assembly or hook assembly, track and lower wheel assembly. Also pivots against wall when not in use.

**Pivotal Ladder (S-200)**

No lower wheels. Ladder pivots from wall with pivotal bracket assembly.

**Fixed Ladder (S-300)**

Fixed ladder that neither pivots nor rolls.

## Loft Ladder Estimate Form

### 3. Provide Dimensions

Fill in all dimensions that apply.

#### Loft Ladder Dimensions

Number of brackets supplied will be based on 30" spacing.

- Check here if mounting surfaces require more brackets.
- If you would like ALACO to assist you in figuring your dimensions, please check this box and fax us a separate sketch of your room or floor plans.

#### Track Dimensions
